Racial Equity in Infant Health & Mortality	Equitable Health Care

Overall Impact Level: **High Impact**

- Partnered with nonprofits to work on education policy.
- Opposed legislation to allow concealed firearms on public transit and college campuses.
- Worked to ensure SNAP benefits can be used electronically.

Recommendations for Improvement:

1. Speak with and listen to Community Health Workers and Home Visitors and act on what they say is important.
2. Partner with expert organizations to learn more about these calls to action and elevate their expertise
3. Continuously speak out against racist policies.

What is this?
This is a tool to increase transparency and accountability between elected officials in St. Louis and the communities they represent.

What can I do with this?
Read through this report and then take action. Contact your elected official and thank them for the positive work they have done. Hold them accountable for the policies they advocate for and demand they create change.

Why does this matter?
Black mothers and babies in St. Louis are dying at double the rate of white mothers and babies. We need to do more.

Our Mission

Generate Health mobilizes and inspires the St. Louis region to advance racial equity in pregnancy outcomes, family well-being, and community health.
