Social Determinants of Health	Racial Equity in Maternal Health & Mortality
Racial Equity in Infant Health & Mortality	Equitable Health Care

### Overall Impact Level: **High Impact**

- Attended events on strengthening the Community Reinvestment Act- Enforcing Equal Credit Opportunity Act (ECOA) and fair housing laws in instances where lending discrimination exists.
- Lifetime proponent of early childhood education and ending hunger for children and families.

### Recommendations for Improvement:

1. Listen to the asks of Black moms and babies and follow through.
2. Work with communities/organizations that are re-imagining access to care.
3. Work with business leaders in your community to provide leave.

**What is this?**

This is a tool to increase transparency and accountability between elected officials in St. Louis and the communities of they represent.

**What can I do with this?**

Read through this report and then take action. Contact your elected official and thank them for the positive work they have done. Hold them accountable for the policies they advocate for and demand they create change.

**Why does this matter?**

Black mothers and babies in St. Louis are dying at double the rate of white mothers and babies. We need to do more.

### Our Mission

Generate Health mobilizes and inspires the St. Louis region to advance racial equity in pregnancy outcomes, family well-being, and community health.
