Social Determinants of Health	Racial Equity in Maternal Health & Mortality
Racial Equity in Infant Health & Mortality	Equitable Health Care

Overall Impact Level: **High Impact**

- Works at applying a Racial Equity framework.
- Promotes the implementation of anti-bias training.
- Advocates for increasing health insurance coverage and access.

## Recommendations for Improvement:

1. Speak with and listen to Community Health Workers and Home Visitors and act on what they say is important.
2. Listen to the asks of Black moms and babies and follow through.
3. Partner with expert organizations to learn more about these calls to action and elevate their expertise.

**What is this?**

This is a tool to increase transparency and accountability between elected officials in St. Louis and the communities of they represent.

**What can I do with this?**

Read through this report and then take action. Contact your elected official and thank them for the positive work they have done. Hold them accountable for the policies they advocate for and demand they create change.

**Why does this matter?**

Black mothers and babies in St. Louis are dying at double the rate of white mothers and babies. We need to do more.

### Our Mission
