

# 2024 Collective Impact

## Advocacy & Racial Equity

Encouraged our community to vote Yes on Amendment 3 and Proposition A, which were both passed

Advocated for doula reimbursement through MoHealthNet, which passed via emergency rule

facilitated social determinants of health tour for members of the U.S. DHHS Secretary's Advisory Committee on Infant and Maternal Mortality

## Community Engagement & Network Building

Partnered with Da Hood Connect to host six live & in-person podcast events about Black maternal and infant health

4

community focus groups and listening sessions held. These have helped shape our advocacy efforts and safe sleep trainings

Held a community celebration birthday party for Generate Health's 25<sup>th</sup> Anniversary

## Coordinated Quality Care

2

Medicaid Managed Care companies began making referrals to the Bloom Network's Coordinated Referral and Intake System (CRIS)

Distributed thousands of diapers, period supplies, and training pants to community-facing organizations

## Leadership Development

20+

Presentations and trainings given to local, statewide, and nationwide audiences

Completed our first cohort of "Information Activation Power Fellowship," where community members build their power to advocate for Black women, birthing people, and families

31

Participants in the new 6-week "Dads to Doulas" training program, in partnership with Dear Fathers

**GenerateHealth**  
Champions of Family and Community
